STA Plaza to Host Downtown Library During Renovation

Last November, voters overwhelmingly approved the Spokane Public Library bond measure to remodel four existing libraries and build three new libraries. In early spring 2020, the Downtown Library will close for two years while it undergoes significant renovations.

To continue offering essential library services in the downtown core, the Library partnered with Spokane Transit Authority (STA) and entered into a lease agreement to temporarily relocate some of its Downtown Library services and staff to the second floor of the STA Plaza while renovations are made to the Downtown Library. The Library plans to begin tenant improvements in the temporary space in December to be ready for its public opening on March 2, 2020.
