Reports:

- **Burn restrictions lifted:** The extra burn restrictions that started on June 30th have been lifted. Regular restrictions still apply, click here for more info.
- **Spokane neighborhood summit:** This year's neighborhood summit will be on November 7th. This is an event for anyone who is currently serving or interested in neighborhood council leadership. Sign up here.
- **Emergency streets pilot program:** The Emergency Streets Pilot Program is a new initiative that brings temporary traffic-calming measures to the site of a fatal traffic crash within 48–72 hours. Residents and visitors will see highly visible treatments such as cones, speed feedback signs, roadway stenciling, and bright pink signage. The program encourages drivers to slow down while the city monitors traffic speeds and gathers community feedback about the program and traffic safety. These temporary installations (deployments) will remain in place for approximately two weeks as part of the pilot. Learn more here.

Announcements:

- CMs Zappone and Klitzke and their staff have an approximately weekly **District 3 newsletter**! All volumes are shared through the city's blog.
- Next month we will have a guest speaker from Parametrix engineering about the Divison street BRT (Bus rapid transit) project. Please bring any questions or comments you have to the Noember meeting.
